SUBJECT: QUARTERLY REPORTING REQUIREMENTS FOR PERIOD ENDING
DECEMBER 31, 2000

This information bulletin supplements the quarterly reporting requirements issued in Welfare-to-Work (WtW) Information Bulletin WB00-48, *Quarterly Reporting Requirements For Period Ending December 31, 2000*.

The Department of Labor (DOL) has not finalized a reporting package to implement the new WtW amendments. As a result, the current *Summary of Expenditures* does not include the "Pre-employment vocational training" cost category. The Workforce Investment Division has asked the Department of Labor to provide an alternative cost category for costs incurred under the new category until a formal reporting package is approved and distributed. The DOL has asked that "Pre-employment vocational training" costs be entered under the "Job Readiness Category".

If you have any further questions please contact Tristyn Schmidt, Financial Management Unit, at (916) 654-7617.

/S/ BILL BURKE
